Harmon C. McAllister, Ph.D.
Research Director
Council for Tobacco Research - USA, Inc.
900 Third Avenue
New York, NY 10022

Dear Dr. McAllister:

The 1992 Deuel Conference on Lipids has been set for March 10-13, 1992 in Napa, California.

The program is being organized by Dr. Ronald Krauss of the University of California, with the following tentative proposed topics:

1. Lipoprotein biogenesis with an emphasis on the use of genetic tools
2. Lipoproteins and coagulation
3. Lipoproteins and the immune system
4. Genetics, dyslipidemia and atherosclerosis
   a. in humans
   b. and the use of animal models

The Deuel Conference maintains an informal atmosphere, encourages free and open discussions by all attendees, and is a forum for presentation of new and unpublished data in rapidly developing new fields of research. A copy of brief background information on the Deuel Conference is enclosed for your information and also a copy of last year's program.

The Deuel Conference is supported by donations from companies such as your own, and we are therefore again soliciting your financial support. Because of the limitations on the conference size, it is necessary to restrict supporting organizations to one representative at the round table at a minimum donation of $2,000 and we are soliciting primarily those who have supported us in the

past, or those who have expressed an interest in supporting this conference. We hope that you continue to be interested in sending a representative to the conference. If this is indeed the case, we would be delighted. Please contact me as soon as possible with the name and address of the attendee as well as your contribution to the Deuel Conference and I will forward that information to Dr. Havel's office and to Dr. Krauss' office. In order for us to plan accordingly, an immediate reply is most desirable, with definite commitment by November 1, 1991 at the very latest.

We hope to hear from you in the near future and to see you or your representative next March.

Sincerely,

Edwin L. Bierman, M.D.
Funding Chairperson
